This week the people of New Orleans and throughout the Gulf Region are once again facing a disastrous storm. The storm has been officially downgraded to a Tropical Storm, however the rain and flooding potential still remains a threat for the area.

To engage in the ReadyNewOrleans Response, here are some action steps:

1. Commit to Prayer. Pray for: (1) Citizens to seek God for comfort and protection to all who are in the path of Hurricane Isaac. (2) Citizens not directly affected will offer prayer, compassion and assistance in their community. (3) Hurricane Isaac will be lessened in intensity. (4) First responders.
2. Join the [Hurricane Isaac Response Group](#)
